DISCUSS LEGION PARKING

Robert Raphael met with the Board of Selectmen to report on the result of an informal survey he had taken on behalf of the American Legion. The Legionnaires would like to make a small parking area outside of the Depot Street hall. When approached on the idea, the Board of Selectmen requested that neighbors be questioned to see if they objected. Mr. Raphael spoke to a number of these neighbors and met with no refusal he told Selectmen. He will continue to explore the possible parking area which would relieve congestion on the street when the hall is in use.

ASKS FOR GAS STORAGE

Robert A. Gingras, 79 Marion Road, made an application to the Board of Selectmen to increase the underground storage capacity of gasoline at 79 Marion Road to 16,000 gallons. Selectmen set a date for a public hearing at 8 P.M. Tuesday, October 1, 1974.

The Conservation Commission has set a date for a hearing on this matter for 7:30 P.M. Tuesday, September 24, 1974, at the Mattapoisett Town Hall.

PRAISE YOUTH COMMITTEE

The Board of Selectmen wrote Robert Gardner, chairman of the Mattapoisett Youth Committee on September 5th with congratulations on the operation of that committee during this first year.

The Selectmen noted that the accomplishments of the committee, drop-in center at Center School, many dances, basketball program, movies and coffee house functions, were all highly successful.

The Board of Selectmen extended thanks on behalf of the town's youth and adults for a job well done.

OBJECT TO GOVERNORS COASTAL PLAN

The Board of Selectmen wrote August 27 to Governor Sargent to comment on his "Coastal Zone Management Act of 1972". According to a recent notice by the Governor, he has started a 3-year program of planning the formulation of a program to control and manage the coastal zone. The Mattapoisett Board of Selectmen stated that their unanimous opinion is that any such task force should be composed of representatives solely from coastal communities and any plans should be developed by the concerned coastal communities. The Board of Selectmen feels that such planning and control should not be carried out by "Boston" or inland representatives without the necessary background knowledge or deep interest in such zones.

Library News

A foreign doll collection given to the library by Miss Mildred Hammond is now on display in the Children's section of the library. The dolls originally belonged to the late Katharine Frizzell and although these dolls are not old they do represent countries all over the world. Some of the dolls' costumes remain a mystery. We would welcome everyone's assistance in solving this riddle. Seventeen craft books from Katharine Frizzell's collection of books were donated to the library and we are also in receipt of books from Miss Lynn Haugen. The library appreciates all gifts and donations.

Book lists for the month of August are now available at the circulation desk. The book lists contain a complete listing of books given and bought for library users.

Starting in October, the library will again be open on Wednesday mornings. Summer hours at the library continue through the end of September. Summer Hours are Monday, Wednesday, Friday, 2 - 8, and Saturday, 1-5.

To the Editor

The Trustees of the Mattapoisett Public Library regret to announce the resignation of Mr. Richard Waterhouse from the chairmanship and from the Board for reasons of health. The remaining members of the Board are most appreciative of the long hours and hard work which he spent in trying to provide a better library for all the residents of the town. We join his many friends in wishing him a speedy return to good health.

As there is now an opening on the Board, in order to find the best candidate, we would appreciate hearing from anyone who is interested in serving the town as a Trustee.

Sincerely yours,
Dr. M.C. Rosenfield

To The People of Mattapoisett:

One of the most pleasing experiences I've had during my ten years of public service was the excellent response we received from the townspeople on Primary Day. As you are aware, I'm sure, and as was reported in the Standard-Times on September 11, "Mattapoisett was by far the strongest Rogers territory this year on a percentage basis." For this, I am extremely grateful.

In the weeks ahead, the committee and I will be hard at work preparing for the Election on November 5. We will, as we always have, run a high level campaign, discussing issues that are important to the town and the district as a whole.

Once again, many, many thanks for the vote of confidence in our nomination and with your continued support on November 5, I can assure you Mattapoisett will have an experienced, full time, effective voice in the State Senate.

Sincerely,

George Rogers,
Candidate for State Senate

The next meeting of the Council will be Tuesday, October 8, at 1:30 P.M. and also open to the public as all meetings will be henceforth, the second Tuesday of each month.

There is an opening for a Senior Aide. This is a dignified position for a reliable person at least 55 years of age. The main requirements are that they own and operate an automobile. Although the aide will work with the Council on Aging, it is not a desk job, but will be working in the field. The hours are good and so is the pay for 20 hours per week. There are fringe benefits as well as mileage reimbursement. When applying for application you will be informed of the other eligibility requirements which, if met, the application will be sent to Mrs. William Jackson in Brockton for screening and the hiring will be done by the local employment office. An opportunity for a capable person and a boon to the Council on Aging. For further information telephone 758-2382 or 758-3834. If you qualify an application will be sent to you.

TWO HOLIDAYS IN OCTOBER

In an effort to eliminate confusion with respect to upcoming state holidays, State Secretary John F. X. Davoren said the month of October would feature two such holidays, Columbus Day on Monday, October 14, and Veterans' Day on Monday, October 28.

"Next year will be different!" Secretary Davoren added.

"Here in Massachusetts observance of Veterans' Day will return to the traditional date of November 11th in 1975. Congress also is debating moving the date back to November 11 (Senate Bill No. 2843) but regardless of what action Congress takes, Massachusetts will observe Veterans' Day on November 11 next year.

"Also, it may be well to point out that 1975 will find the Commonwealth with an additional new holiday. Wednesday, January 15th, will be Martin Luther King Day here in Massachusetts.

"Information on all 1975 holidays will be released later this year."

FREE PUBLIC LECTURE ON UNUSUAL SUBJECT

The simplicity and practicality of the technique will reverse the expectations of many of those attending the introductory lecture on Transcendental Meditation to be held at the Congregational Church on Church Street in Mattapoisett at 7:30 P.M. this Thursday.

The lecture will be given by Susan Green and Walter Gibbons. Both are teachers of Transcendental Meditation (TM). They emphasize that they and every teacher of Transcendental Meditation have been personally trained by Maharishi Mahesh Yogi, the founder of the Science of Creative Intelligence. Although newly-formulated, this science is currently taught at universities and high schools throughout the world --ranging from Harvard to the University of Beirut. Transcendental Meditation is the laboratory aspect of the Science of Creative Intelligence--offering experiential insight into the movement of intelligence as the object of examination--much as a microscope

reveals cellular structure.

Increasing government and public support has resulted from the growing numbers of people practicing TM and the subjective and scientific reports of the technique's usefulness.

Neither a philosophy, religion, nor complex discipline, Transcendental Meditation can be easily learned and practiced by anyone, even a child. Reportedly as natural a physiological state as sleep, the condition experienced during TM is not trance-like; it is markedly enjoyable, and impresses scientists as a state of rest more than twice as deep as that of sleep, yet within which the mind remains wakeful. This rest is apparently complementary to normal sleeping patterns.

For further information, Miss Green and Mr. Gibbons invites you to call the International Meditation Society at 992-5279, or come to the lecture Thursday.

The first film in the series, "Death of a Legend", is a Canadian film on the natural history of the wolf and the myths and superstitions surrounding this animal. Man has long believed the wolf to be a vicious creature and enemy of both man and his livestock. The film shows the wolf to be an animal of great importance to natural balance, especially critical in the maintenance of healthy deer and moose populations. The photography in the film, depicting the wolf from birth to death, is exceptional.

Q. Why does my town have nothing to say about our county budget even though our property taxes support the county?

A. Town officials now have an opportunity to learn more about the county budget and make recommendations. Two new laws allow communities to set up county advisory boards consisting of the Mayor, Manager, or chairman of the Board of Selectmen from each city and town in that county. Each community will have one vote plus additional votes in proportion to their county tax assessment, thereby allowing those who pay more to have a larger number of votes and a greater voice on the advisory board.

The advisory board shall examine the county budget and shall hold at least one public hearing to discuss it. They may make recommendations concerning county expenditures and if these are rejected by the commissioners, the board may by a two-thirds vote send notice of their recommendations to the Legislature. In this manner the Legislature will know the express wishes of the communities involved when voting on the county budget. All concerned citizens should check with their local officials to find out if an advisory board has been convened in their county.

MRS. EDITH M. JOHANSEN

I remember her as always appearing immaculate, attractively dressed, and actively involved and interested. The last time I saw Mrs. Johansen was at the Mattapoisett Grange Supper Friday, August 23rd, which was held on the second floor. When she came downstairs she missed her sweater and I asked if I could please go upstairs and get it for her. She said it's a white one and on the piano. As I handed it to her, after thanking me, she asked please! Gloria, don't keep me out of anything, let me know when and how I can get to all the meetings, especially any in the Town Hall. Her appearance belied her age. She attended the Senior Club meetings, parties and was proud of her 50-year membership of the Grange and Eastern Star. It was hard to believe that she was 91 years old. She was a very privileged person to have enjoyed such a full life and active to the very end, making future plans. I give this

New-Born Care

"ROOMING-IN"

"Rooming-in", the latest stage of Family-Centered Maternity Care has come to Tobey Hospital. Since early summer all mothers have been encouraged by the maternity staff to take as much care of their new-borns as they wish. This means that many of the babies are fed, nursed and tended to in the mother's own hospital room. However, if a mother so chooses, her baby may remain in the nursery.

Other visitors are limited to grandparents who may stay from 2 to 4 P.M. and from 6 to 8 P.M.

Because Tobey Hospital is now committed to family-Centered Nursing Care, a new set of pre-natal classes embodying these ideas started at the Conference Room of the Hospital on Thursday, September 12th, at 7:30 P.M. All couples are invited to attend.
